VERLGBASPED VERSAILLES LARGE WASH BASIN AND PEDESTAL

FEATURES AND BENEFITS

- An iconic Fired Earth product and one of our top sellers over the last 6 years
- Replaces the old La Rochelle range.
- Manufactured entirely in Italy – Using high quality raw materials
- Packed in dedicated Fired Earth branded packaging.
- 2 basin sizes available in Versailles range with same pedestal (only 1 size in La Rochelle range)
- Fired Earth branded care & maintenance (low adhesive) label on every piece.

FAQs

Q: Does this range fully replace the La Rochelle?

A: Yes, although the La Rochelle Bath (LARBAT) is still current.

Q: Do we keep La Rochelle on display in our showroom?

A: Yes

Q: Why is this range better than La Rochelle?

A: New factory that produces better quality product> which means greater factory yields so improved availability.

Q: What are the differences between Versailles & La Rochelle (on display)?

A:

- 1) Minor changes in sizes of the moulds.
- 2) Versailles basins (& consoles) have a flat surface (whereas the La Rochelle (on display) have a raised rim
- 3) Versailles basins (& consoles) have improved circular overflows, which greatly improves quality of execution (clay used to block the former grill overflow with La Rochelle)

Q: Are the items set up as “Assembly“ codes?

A: Yes so when assembly code is sold the basin is automatically supplied with pedestal

Q: Do the items come as a 2 or 3 Tap Hole version?

A: ONLY available as a 3 tap hole version> suitable for FE 3 hole basin mixers

Q: Other FAQs?

A:

- Pedestal is not fully open at the rear: top 1/3rd of the pedestal is open at the rear to allow access to the waste outlet.
- Integral overflow in basin is provided with a chrome shroud / cap.
- Two holes in rear of basin for securing to the wall (fixings not provided)

INSTALLATION GUIDELINES

1. Installation should be carried out by a competent engineer, bathroom installer in accordance with water regulations
2. Before installation, ensure product is fully checked
3. All Basins & Consoles have fixing holes at the rear of the item to facilitate easy installation (fixings not supplied)
4. Product weights (kg) are on box labels.

CLEANING AND CARE INSTRUCTIONS

Sanitary ware (General)

- To maintain the pleasing appearance of your Versailles Bathroom product you must perform periodic and frequent cleaning.
- For best results clean using a mild soap, rinse thoroughly with warm water and blot dry with a clean, soft cloth.
- In the event of stubborn blemishes shown on the finish, we recommend using a detergent with a soft cloth, but we do not recommend it be used on an everyday basis.
- “**Fired Earth Rubber (BATHRUBBER)**”, below, is designed to remove scuff marks, for example, thin grey scuff lines caused by wedding rings.
